

SP 6.2 Sole-Source Subcontracts

Substantive changes made for the 4-3-06 revision:

1. Deletes “Orders against GSA Federal Supply Sources” as an exception to SCOPE.
2. Adds a new bullet on bonding, insurance, and indemnification to the “When Sole-Source May Be Appropriate” portion of PROCEDURES to be consistent with the sole source reasons listed in our “*Berkeley Lab Justification for Sole-Source, Large Business, or IUT Procurement*” form.
3. Changes the first paragraph of the “Sole-Source Justification” portion of PROCEDURES to clarify that the sole-source justification must be in the procurement file for subcontracts exceeding \$100,000, that either the requester or the procurement specialist may initiate the form, and that both must work together to assure that the justification is appropriate and defensible. The “Responsibilities” section is also modified accordingly.
4. Modifies the sub-bullets under “Consulting the following sources:” to:
 - a. Provide the correct title for LBNL’s Small Business and Supplier Management Office.
 - b. Add a sub-bullet for “Previous Laboratory subcontracts/agreements”.
 - c. Add clarifying language to three other bullets.
5. Updates the Prime Contract number to be consistent with Contract 31.
6. Adds “Prime Contract Clause I.49 – Competition in Subcontracting” to References
